Cynthia Hayes
Executive Director
Southeastern Green Network Inc.
213 W. 38th St.
Savannah, Ga. 31401

Dear Mrs. Hayes:

On behalf of Florida A&M University (FAMU) it is my pleasure to host the SoGreen Network's "Green Up You Campus Summit," on February 18-19, 2011. The mission of SoGreen Network and its' affiliates helps highlight the necessity of continued management of FAMU in sustainability issues.

Please note that I have charged the FAMU Environment and Sustainability Council with developing an integrated strategic plan that will help us reach our goals. My intent for the plan it to help establish FAMU as a well recognized green and sustainable campus. In turn, I am pleased to support the development of this summit as a platform for the engagement of continuous dialogue and creativity regarding this important matter.

Thank you as I look forward to an informative and exciting event.

Sincerely,

James H. Ammons
President
