

Oaktree Farm located in Telfair County, Georgia is an exceptional USDA certified organic farm. SAAFON (Southeastern African-American Farmers Organic Network) farmers Robbie and Hilton Graham grow a variety of organic vegetables that they sell at farmers markets, restaurants, and health food stores. The husband and wife team are noted for their high quality organic produce. This 60 acre farm will provide participants with an understanding of an organic growing system, how to manage and run a farm. Tour participants will have an opportunity to work on a farm and enjoy produce harvested from the farm in meals provided.
