

# SoGreen Youth

*SoGreen's Youth Program* is offering its first summer program for youth age 8-13. The program is designed to educate participants on the importance of preserving our environment and to expose urban youth to the world of organic farming, plant growth, where our water comes from, and how they can work to cleaning up their environment.

## Organic Farm Tour

### Location:

Marshview Community Organic Farm  
*Young Farmers on the Low Country*  
St. Helena, South Carolina

### Date:

TBA ~ Contact us for details

### Cost:

\$35 per person

This USDA Certified Organic farm is actually operated by a group of young Farmers ages 6 –16. All aspects of the farm are managed by the group. The proceeds from farm market sales and their CSA are contributed to school supplies and re-invested into the farm for the following year.
